

Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

Safe and Inclusive School Plan

Ensuring Positive Learning Environments

This year we are focusing on building stronger relationships within our school community through the development of co-/self-regulation and conflict resolution skills.

We are doing this to build a positive learning environment and to see an improvement in student well-being and overall academic achievement.

Throughout the year, we will be:

1. Explicitly teaching, modelling and practicing community building.
2. Employing Restorative Practice strategies, including Community Circles and Restorative Conversation to restore conflict.
3. Engaging with our community partners and families/guardians as we celebrate our successes through monthly community building assemblies base on our shared community values.

Community/Home Connections

Ask your child about one positive act that they did during the day to contribute to the school community.

Encourage your child/children to consider a variety of points of view and use their voice for advocacy.

Check out this resource [Stop It, Name It](#) about speaking up and being a supportive ally.
